

## INTRODUCING THE NEW PROGRAMMING GRIDS!

This year, Comic-Con has created a new way to present its “Schedule at a Glance” programming grids. As you’ll see on the next eleven pages, the grids are now in full color with various panel types color-coded by categories. Each day is also color-coded and represented by three pages: two pages for the complete daily program schedule from 10:00 AM to midnight (5:00 PM on Sunday on a single page) and an additional matching color page containing the Anime and Film Festival schedules (the nighttime film screenings will appear in the printed version available onsite). The key to each grid’s categories is in the upper portion of the second page for each day. The categories and their corresponding colors are :

<b>KEY:</b>	<span style="display:inline-block; width:15px; height:15px; border:1px solid black; background-color:white;"></span> COMICS	<span style="display:inline-block; width:15px; height:15px; border:1px solid black; background-color:lightgreen;"></span> ANIMATION	<span style="display:inline-block; width:15px; height:15px; border:1px solid black; background-color:yellow;"></span> MOVIES	<span style="display:inline-block; width:15px; height:15px; border:1px solid black; background-color:orange;"></span> TELEVISION	<span style="display:inline-block; width:15px; height:15px; border:1px solid black; background-color:lightpink;"></span> GAMES	<span style="display:inline-block; width:15px; height:15px; border:1px solid black; background-color:lightblue;"></span> SF/FANTASY/HORROR	<span style="display:inline-block; width:15px; height:15px; border:1px solid black; background-color:lightgrey;"></span> EVERYTHING ELSE
-------------	---	---	--	--	--	--	--

In addition, this symbol points out programs that are suitable for kids of all ages, especially those in the younger crowd.

This special PDF version of the grid is subject to change and may NOT be updated again before Comic-Con. To utilize it before you get to the show, please print it out on a color printer and match up the corresponding day’s colors. There are three pages for Thursday (blue), Friday (green), and Saturday (orange) each, and two pages for Sunday (purple). Have fun finding those must-see panels and events and we’ll see you at Comic-Con!

PLEASE NOTE: Wednesday night’s grid—shown below—is NOT color-coded!
